

Year Group 1

Summer

Knowledge Organiser: Science - Plants

Theme: We love London.

Key knowledge:

To describe the basic structure of plants and trees (roots, stem/trunk, leaves, flowers)

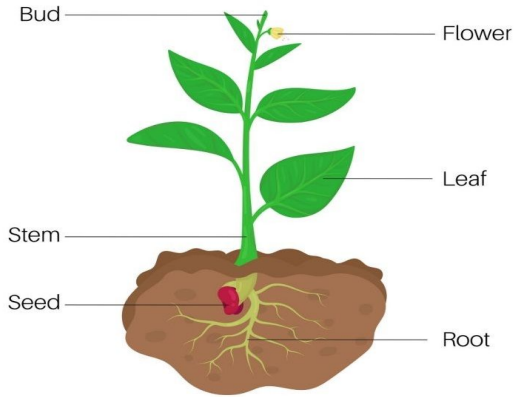

To name common plants including evergreen and deciduous trees (plants: rose, dandelion, daisy, nettle, buttercup, doc leaf / trees: horse chestnut, silver birch, poplar trees)

What have I learnt already:

to draw pictures of animals and plants that they see around them

to know plants need soil, water and sunlight to grow.

Key knowledge that will be learnt:

daisy

rose

nettle

oak tree leaf

Key Vocabulary:
