

Year 2

Fire! Fire!

Read your book for 20 minutes everyday.

Maths

1. Find different things in your home to compare using less than $<$ and greater than $>$
eg. my age $<$ mummy's age
2. Add all the numbers up within your parent's telephone numbers. Whose telephone number equals the highest amount?
3. Play shops using real money. What is the most expensive item?

English

1. Practise reading your high frequency words and see if you can spot them in your reading books.
2. Keep a diary like Samuel Pepys. What did you do at the weekend? Who did you see? How did you feel?
3. Draw a dragon and describe it. Tell us about its appearance and its personality!

Science

Take the planting kit from your teacher, and plant a bulb at home! You will need to look after it carefully, and when it flowers, make a poster about what it needs to survive!

History

Retell the events of the Great Fire of London around your very own 1666 candle. Click on the link to find out how to make a Great Fire of London lighted jam jar.

Conversation Corner

Tell your family about one of the stories you read at school this week.

Who were the characters and where was it set?

Can you give it a rating out of 5 stars?

Art and Design

You will need: magazines, a glue stick, scissors & A4 paper. Cut or tear out as many different yellows, reds and oranges as you can find. Cut or tear them into different shapes and sizes to make a really fiery picture.

Choose one of these options to do over the weekend during the autumn term and share it with your teacher on Google Classroom or take it in to school.

Music

Learn London's Burning. Listen to some extracts from Samuel Pepys' diary and create your own sounds using body percussion:

Computing

Can you guide the rocket to the planets using your coding knowledge on Purple Mash?

Log into Purple Mash and search for **2Go - planets**. There are different ways to instruct the rocket - which option will you use and which one is the quickest?

Wellbeing

When you do exercise, your body feels different. Go for a run, and write down how you feel: **before, during and after**. Feel your heart; what does it do at each stage?

R.E

Watch the video and make unleavened bread.
