

Science

Investigate your family traits by looking at family photos, and talking to your family. What similarities and differences can you observe? What other characteristics have you inherited from your family. For example: a good sense of taste or smell?

History

Interview one of your family members about their past. Find out:

- What is their earliest memory?
- What was a typical school day like for them?
- What do they think has changed the most since they were young?

Spanish

Create a poster of things you like and dislike. You can draw or cut out pictures from newspapers/magazines. Share the poster with your family and discuss your likes and dislikes.

- Me gusta - I like...
- No me gusta - I don't like...

Art and Design

Make a portrait of someone you love and respect.

Choose your own media: pencil, charcoal, watercolour, collage, oil pastels, paint, pen, etc

Choose one of these options to do over the weekend during the summer term and share it with your teacher on Google Classroom or take it in to school.

Music

Film or create an online presentation on a Musical of your choice. Comment on it's origins and history. What genre is it? How is your chosen musical usually performed? What is it's most famous song?

Computing

Create a presentation (using different media, tools and effects) to explain to the new Y6 children:

- Online footprint
- How to stay safe online
- clickbait

Wellbeing

Tell someone in your family 3 things you are excited about doing in secondary school and one thing you do now that you will also be able to do in Year 7?

R.E

Create a model that represents and explains the five pillars of Islam.
