

Nursery

Me Growing Up

Have a bedtime story every night.

Maths

1. Go on a number hunt. Can you find the numbers 1-5?
2. Can you group objects into different colours?
3. How many different shapes can you find in your house?

English

1. Play i-spy using the first sound of all the things you can see around you.
2. Go to the park and collect some sticks. Use them to write your name.
<https://littlegreenexplorers.com/making-twig-names-nature-activity-for-children/>
3. Draw a picture from your favourite story book and tell your family all about it.

Communication and Language

Ask your family all about their favourite things. What do they like to eat? What is their favourite colour? What is their favourite hobby? Share all your favourite things too!

Being Expressive

Sing along with these famous Nursery rhymes. Can you make up some actions to go with the songs?
<https://www.bbc.co.uk/teach/school-radio/nursery-rhymes-action-songs-medley/z7jwrj6>

People, Culture and Communities

Can you draw the things you do at the weekend? Which do you do first when you wake up? What do you do before bed? Talk about your day in the order that you do things, using your drawing to help you.

Physical Development

Take your family to your local park and play the game tag. Whoever is the tagger has to chase the others until they touch them gently with their hands. Then, that person has to chase everyone.

Choose one of these options to do over the weekend during the summer term and share it with your teacher. You could take it to school or email a video/picture.

Computing

Watch a video of Hugo on the CBeebies website where he thinks about growing up!
<https://www.bbc.co.uk/cbeebies/radio/whats-the-big-idea-growing-up>

Wellbeing

Run on the spot for one minute. How do you feel? Sit down and look at a book. How do you feel now? Eat a healthy snack. How do you feel now?

Art and Design

Skyscrapers are really tall buildings. They need to be well built & strong. Using household objects/blocks, what is the tallest structure you can make? Stand next to it & take a photo. Blow on it. Does it stay standing?

The Natural World

Go to the park and collect some different coloured leaves, flowers, moss, stones or twigs. Arrange them on a paper plate or piece of paper to make a mini garden. Share a photo of it with your teacher.
