Knowledge Organiser: Computing

E-Safety

What have I learnt already:

Sharing Info Online
To know that once information is online it is very difficult to remove

Understand that your data might be stored and used for advertising

Asking For Help
Explain when to report an online issue to someone

By the end of this unit I will be able to:

- To explain why my online history is called a digital footprint

- To explain when to report an online issue to someone in authority

- To understand that my digital footprint might be stored and used for advertising

Profile
Only use your first name. Do not give out any personal information

Permission
Make sure you have permission to view and share information online.

Privacy
Keep your passwords and personal details private.

5 P's for a positive Digital Footprint

Protect
Keep evidence and don't bully back, tell an adult.

Positive
Make sure the information you share is positive.
